VISION, MISSION, GOALS AND VALUES

Vision

To be a pioneer in pharmacy education and research, and to enhance healthcare of the community both nationally and regionally.

Mission

Strive to positively impact and enhance quality of life through comprehensive, interdisciplinary education, training and research in pharmacy practice.

Goals

1. Prepare the students with highly competent and innovative approaches to apply their knowledge in pharmacy practice to optimize patient-centered care.
2. Establish Pharm. D. leaders who are capable to improve public health and critical thinking for the best decision of medication use as per the needs of the community.
3. Achieve excellence in education and research by recruiting, developing, and retaining distinguished faculty.
4. Equip the students with the knowledge and skills needed for inter-professional communication to deliver the best possible pharmaceutical patient care.

5. Create a drug research culture in the students to be aware of the novel drug discovery.
6. Develop the students with life-long learning, self-awareness, and professionalism.

Values

1. Excellence

We are committed to the highest standards, the pursuit of excellence, and continuous development.

2. Innovation

We foster a culture of creativity and scientific discovery to advance pharmacy education and healthcare solutions.

3. Transparency
